Home Yann Arthus-Bertrand
From the author of the multimillion-copy international bestseller *Earth From Above* comes a moving and brilliantly photographed new book. *Home*, scheduled to release in conjunction with a film of the same name, is a stunning visual odyssey. A globe-spanning exploration of the planet, complete with Arthus-Bertrand's unforgettable images and an informative text by the team at Good Planet, a non-profit organization dedicated to promoting sustainable development, *Home* is a celebration of Earth's beauty and an impassioned call to protect it from destruction. Compelling and defiantly optimistic, *Home* voyages through over 50 countries, considering the environment's current condition and factors which will play a role in determining its future. As Arthus-Bertrand says, "It isn't the 50 percent of forest that has disappeared that's important, but the 50 percent that's left."
