Van Gogh Paintings: The Masterpieces Belinda Thomson

This superb book offers the reader a selection of Van Gogh's most unforgettable canvases as well as some lesser-known examples, many drawn from the collection of the Van Gogh Museum in Amsterdam.

Nearly one hundred and twenty years after his death, Vincent Van Gogh continues to exert a powerful fascination. This superb book offers the reader a selection of the artist’s most unforgettable canvases as well as some lesser-known examples, many drawn from the collection of the Van Gogh Museum in Amsterdam. It explores the works in the context of Van Gogh’s short but brilliant career, in which frequent spells of isolation still allowed lively engagement with his peers and the ideas of his time.Van Gogh’s continuous stream of letters written to family and friends – one of the most important archival resources of 19th-century art – provides the narrative thread around which this study develops. Belinda Thomson considers Van Gogh as a cosmopolitan figure who combined in his art experiences and traditions absorbed in his native Holland and in Victorian England, and then succeeded in assimilating and making his mark upon the practice of painting in France at one of its richest periods.
