2014 Dinosaur Skull Day Calendar: Daily Dinosaur Skulls Mr. Tracy Lee Ford
I’ve been illustrating dinosaurs for over 30 years. My illustrations have appeared in books and articles. I’ve written several scientific articles and have had them published in books and scientific journals, This day calendar has 365 different dinosaur skulls, not 365 different genera or species, but different skulls. A few genera have multiple skull illustrations to show the diversity in the skull shapes. I’ve been illustrating dinosaurs for over 30 years and some of the illustrations are old illustrations, some new, some old interpretations, some new, and a few that have never been reconstructed before. They range from the earliest dinosaurs to the very last, and includes avian theropods (more commonly referred to as birds). This is the only calendar that you’ll find 365 different dinosaur skulls. This calendar would be great for the dinosaur enthusiast, professional and layman alike.
