Chosen: An Erotic Adventure Feverman - Chad Sanders
“ Feverman is known for his erotic literature and his fiery descriptions of lovers’ tangos will have you ablaze in his latest book, Chosen ©. He will ignite your imagination and open doors into the deepest corners of your mind as he presents a convincing and expanded acceptance of sexual behavior. Feverman knows your secrets and he subtly challenges you to embrace and play with them. His insight into human motivations and the resulting behaviors never ceases to amaze, inform and entertain me. I love this book and believe it sets a new standard of excellence for Feverman’s wonderful storytelling ability.” Rosie Rich,
Brad King is a brilliant young executive with personal charisma and problem solving skills unmatched in the history of the company with whom he has recently been employed. Jesse King is Brad’s wife, a smart and beautiful young woman who has a captivating magnetism that attracts both men and women to her everywhere she goes. Like most of us, Brad and Jesse have unique private needs and secret desires, some of which only surface as this story unfolds.
ETC, Inc. is a multinational corporation which is controlled by a group of handpicked individuals who were joined together because of their significant shareholdings in the company and their common interests in power, wealth and sex. It’s no wonder Brad and Jesse have become the chosen ones to take over the reins of ETC, Inc. and lead the company into the future. However, soon after the good news that Brad is being hired is revealed, a man named Kent Thompson enters the couple’s lives and exploits their previously private sexual fetishes for his dark purposes, threatening to destroy the promise of the couple’s bright future.
Brad and Jesse find themselves in the midst of an ongoing battle that began prior to their arrival on the scene. Jesse is blackmailed into sexual servitude before she can find a way to overcome the grip of Kent Thompson on her and Brad’s lives. Her proclivity for intense sex, even to the point of masochism, leads Jesse though a series of intense sexual challenges to which she rises to the occasion and ascends beyond to become the binding force in the ongoing control of the corporation by the group known as The Chosen Few.
Chosen © is an explicit fantasy story, not for the faint at heart, in which the storyline pushes at the limits of mental and physical endurance at times, especially during sex. The characters in the book vary considerably in their motivations, emotional and sexual needs, and in their expectations for the future, all of which makes for a unique series of interactions. In this fantasy tale centered around Brad’s and Jesse’s rapidly changing lives, blackmail, murder, greed, betrayal, longings for loved ones, generosity, true love, and uncommon loyalty all come into play as the storyline unfolds. Not a traditional, romantic, erotic novel by any means, Chosen © will challenge you to look at relationships, life, love and marriage in a new and different way.
A version of this story was previously published online as Brad’s New Career. The original story is no longer available; it has been substantially rewritten and is now presented as Chosen © exclusively from Amazon.com’s Kindle books. A second, completely new, but related book, which interconnects with Chosen © in several significant ways is under development and is targeted for publication soon.
