Conjugacy Classes in Semisimple Algebraic Groups (Mathematical Surveys and Monographs)

James E. Humphreys

Conjugacy Classes in Semisimple Algebraic Groups (Mathematical Surveys and Monographs) James E. Humphreys
The book provides a useful exposition of results on the structure of semisimple algebraic groups over an arbitrary algebraically closed field. After the fundamental work of Borel and Chevalley in the 1950s and 1960s, further results were obtained over the next thirty years on conjugacy classes and centralizers of elements of such groups.

From reader reviews:

Carmen Fields:

Within other case, little individuals like to read book Conjugacy Classes in Semisimple Algebraic Groups (Mathematical Surveys and Monographs). You can choose the best book if you like reading a book. Provided that we know about how is important a new book Conjugacy Classes in Semisimple Algebraic Groups (Mathematical Surveys and Monographs). You can add information and of course you can around the world by way of a book. Absolutely right, mainly because from book you can know everything! From your country right up until foreign or abroad you will find yourself known. About simple thing until wonderful thing you are able to know that. In this era, we are able to open a book or searching by internet product. It is called e-book. You can utilize it when you feel weary to go to the library. Let's examine.

Shannon Grant:

What do you ponder on book? It is just for students since they are still students or that for all people in the world, exactly what the best subject for that? Merely you can be answered for that question above. Every person has different personality and hobby per other. Don't to be compelled someone or something that they don't would like do that. You must know how great in addition to important the book Conjugacy Classes in Semisimple Algebraic Groups (Mathematical Surveys and Monographs). All type of book could you see on many resources. You can look for the internet resources or other social media.

Agnes Figueroa:

Now a day individuals who Living in the era where everything reachable by interact with the internet and the resources inside it can be true or not require people to be aware of each info they get. How individuals to be smart in acquiring any information nowadays? Of course the answer is reading a book. Reading through a book can help persons out of this uncertainty Information specially this Conjugacy Classes in Semisimple Algebraic Groups (Mathematical Surveys and Monographs) book as this book offers you rich facts and knowledge. Of course the information in this book hundred per cent guarantees there is no doubt in it you know.

Nicolas Olsen:

Don't be worry in case you are afraid that this book will filled the space in your house, you can have it in e-book means, more simple and reachable. This Conjugacy Classes in Semisimple Algebraic Groups (Mathematical Surveys and Monographs) can give you a lot of pals because by you taking a look at this one book you have point that they don't and make you actually more like an interesting person. This kind of book can be one of a step for you to get success. This publication offer you information that possibly your friend doesn't recognize, by knowing more than various other make you to be great persons. So , why hesitate? Let's have Conjugacy Classes in Semisimple Algebraic Groups (Mathematical Surveys and Monographs).
