Poems of Keats: Endymion; The Volume of 1820; and other poems

John Keats

Poems of Keats: Endymion; The Volume of 1820; and other poems John Keats
This edition gives in full the Endymion volume of 1818 and the Lamia volume of 1820, together with other poems, which are acknowledged to be the poet’s masterpieces. The introduction by the editor of the volume, W. T. Young, provides an outline of the poet’s life, a survey of the formative influences of his friendships and books, a study of his character, based on his letters, and some suggestions as to the nature of his genius. The notes to the poems elucidate occasional difficulties, give brief explanations, for those who need them, of the frequent mythological references, and especially call the reader’s notice to salient matters of thought, imagination, expression and technique. Finally the commentary is an attempt to co-ordinate the impressions produced by the poems, and to obtain a clear and full view of the poet’s art and message.
(Note: this is a digital version of a volume first published in 1917 by the Cambridge University Press)
