The Graduate Years (2013-2015) (Kyle R. Brady: The Collected Works) (Volume 3) Kyle R Brady
The Graduate Years (2013-2015) is Volume III of *Kyle R. Brady: The Collected Works*, a collection of the author's academic works, divided into specific and tangible periods, meant for both the curious reader and posterity itself. The individual works that constitute Vol. III not only help trace the source and paths of the author's academic and professional development, but also represent his first real -- arguably successful -- attempts at producing work of interest to the wider world. Every piece was produced with an eye toward a broader academic and professional audience, which has helped separate them from standard graduate work. Progressing sequentially through the pieces, a reader can watch ideas and concepts build upon each other, ultimately growing into a more coherent, pragmatic, and actionable whole.

This Volume spans two specific periods: the author's first year of graduate school at Regent University (AY2013), where he was studying Government, and the remainder of his graduate schooling at Pennsylvania State University, his alma mater, where he studied Homeland Security. The difference of focus between the two programs is evident in the topics of his work.

Subjects inevitably revolve around homeland security, national security, homeland defense, terrorism, international relations, the intelligence community, the law enforcement community, border security, critical infrastructure, cybersecurity, history, and policy matters.

Chapters:

1. Iranian Democratization Potential: Comparing Ahmadinejad and Rouhani
2. The Revolutionary People's Liberation Party/Front (DHKP/C): A Tumultuous Turkish Terror
3. A Time for Choosing: The Most Dangerous Enemy, War, and the Freedoms Intended
