Yao & Artusio's Anesthesiology 7Ed: Problem Oriented Patient Management (Pb) Yao F.F.
Yao and artusios anesthesiology is one of the core texts for anesthesiology residents and is frequently used as one of the primary study aids for the aba oral boards. The book covers all areas of anesthesia. Each chapter is based on a case history and questions that address disease knowledge and differential diagnosis, progressing through preoperative evaluation, intraoperative management and postoperative care. The discussion of each question is followed by a short list of the most important references on that topic. This editions new full-color format significantly improves the readability of the book. Pediatric topics are grouped into a new section, rather than incorporated into the organ-based sections. key features: new all chapters thoroughly revised, with updated references new full-color format new pediatrics section new website with full text cases incorporate questions commonly encountered on the wards and on the oral boards covers all major areas of anesthesiology problem-based approach
