The Kosovo Indictment: How politics subverted justice in the war crimes prosecution of Prime Minister Ramush Haradinaj Michael O'Reilly
The Kosovo Indictment tells the story of how the International Criminal Tribunal for the Former Yugoslavia indicted an entirely innocent man. The author explores assertions that Haradinaj was used as a pawn in a bigger, political, game and in the misguided pursuit of ethnic balance in the prosecution of war crimes. More than ten years after he was indicted, Ramush Haradinaj is still the only head of government ever to have voluntarily surrendered to international criminal justice - and arguably the person most wronged by United Nations prosecutors.
Ramush Haradinaj, a commander of the Kosovo Liberation Army in the war of 1998-9, became Prime Minister of Kosovo in late 2004, and one hundred days later was indicted on charges of war crimes. He was acquitted in 2008, re-indicted in 2010 on some of the same charges, and acquitted again in 2012. During that time he spent a total of four years in prison.
This book serves as a warning that justice must never be politicised and makes a compelling argument for higher standards of scrutiny of the work of war crimes prosecutors.
