Heavily Modified Water Bodies: Synthesis of 34 Case Studies in Europe (International and European Environmental Policy Series) Eleftheria Kampa, Wenke Hansen

This book presents the results of thirty-four case studies in an EU-sponsored project on heavily modified water bodies. The account emphasizes the methods used in the process of identification and designation, and identifies further research needs. The contents are the basis for the agreed European Guidance on artificial and heavily modified water bodies to be used by practitioners in the implementation of the Water Framework Directive.
