By Greg Hallett Hitler Was a British Agent (True Crime Solving History Series, Vol. 2) (2nd Edition)
This is the most comprehensive and honest Hitler Biography, offering a whole new and unique look at all the old chestnuts surrounding Adolf Hitler's rise to power. The author uses the personal assistance of a Spymaster in marshalling much new material surrounding Hitler's origins, his sexuality, and his British Training, long hidden by a conspiracy of British and American political leaders. He takes an in depth look at the British Royal Family and finds them wanting, full of spies, perverts, and morons, with the morons being the least dangerous.
He delves into the James Bond myths and finds the true James Bond was a lot younger and more homicidal than anyone had previously thought. He interview James Bond III on one of the last 'hits' on Adolf Hitler, well after his official death.
He also provides a new take on the mystery surrounding Rudolph Hess. An amazing thought-provoking study from the already detail history of Hess. State secrets abound on nearly every page.

This led to some psychological information being supplied which led to international contacts and meeting with a Spymaster. The Spymaster and other intelligence operatives have been briefing me for the past three years resulting in ten books. This is book five of ten (and just to confuse you) there are four books in this immediate series.

In the 18 chapters it covers . . .
