Remembering, Second Edition: A Phenomenological Study (Studies in Continental Thought) Edward S. Casey

Remembering
A Phenomenological Study
Second Edition
Edward S. Casey

A pioneering investigation of the multiple ways of remembering and the difference that memory makes in our daily lives.

A Choice Outstanding Academic Book

"An excellent book that provides an in-depth phenomenological and philosophical study of memory." ?Choice

"... a stunning revelation of the pervasiveness of memory in our lives." ?Contemporary Psychology

"[Remembering] presents a study of remembering that is fondly attentive to its rich diversity, its intricacy of structure and detail, and its wide-ranging efficacy in our everyday, life-world experience.... genuinely pioneering, it ranges far beyond what established traditions in philosophy and psychology have generally taken the functions and especially the limits of memory to be." ?The Humanistic Psychologist

Edward S. Casey provides a thorough description of the varieties of human memory, including recognizing and reminding, reminiscing and commemorating, body memory and place memory. The preface to the new edition extends the scope of the original text to include issues of collective memory, forgetting, and traumatic memory, and aligns this book with Casey’s newest work on place and space. This ambitious study demonstrates that nothing in our lives is unaffected by remembering.

Studies in Continental Thought?John Sallis, general editor
