Walter Rankin

Grimm Pictures: Fairy Tale Archetypes in Eight Horror and Suspense Films Walter Rankin
Though *Grimm's Fairy Tales* was published about 200 years ago, the revered collection of folk stories remains one of the most iconic pieces of children's literature and has had significant influence in modern pop culture. This work examines the many ways that recent films have employed archetypal images, themes, symbols, and structural elements that originated in the most well-known Grimm fairy tales. The author draws similarities between the cannibalistic symbolism of the Grimm brothers' *Little Red Cap* and the 1991 film *The Silence of the Lambs* and reveals Faustian parallels between *Rumpelstiltskin* and the 1968 film *Rosemary's Baby*. Each of eight chapters reveals a similar pairing, and film stills and illustrations are featured throughout the work.
