The Sea Dogs: A Golden Age of Piracy Role-Playing Game Phil Sanderson
"The Sea Dogs" is an authentic, yet simple-to-play, role-playing game set during the Golden Age of Piracy. Backed up by information taken directly from Wikipedia, this game has the potential to thrust players right in the middle of a dangerous era with little more than their wits to get them by!

This game features easy-to-follow guidelines for hand-to-hand and ship-to-ship combat as well as including rules for the two major types of sword fighting made popular by pirates of the era. Also included is a list of piratical terms that will have you and your players talkin' in the same manner of the scurvy-ridden sea devils themselves!

Great efforts were made to ensure that "The Sea Dogs" can be played in a way that focuses more on what it means to be a pirate than to get bogged down in complicated game mechanics. In this manner, players are able to truly enjoy the game without many hangups getting in the way.

So with no further ado, grab your flintlock pistol and your cutlass, and jump right in!
