A thematic approach focused on the enduring issues in psychology
Understanding Psychology, now in its eleventh edition, continues to present a scientific, accurate, and thorough overview of the essential concepts of psychology. Throughout the text, authors Charles Morris and Albert Maisto write clearly and accessibly about the discipline and its concrete, real-life applications. By highlighting five enduring issues that cut across and unite all subfields of psychology — Person–Situation, Nature–Nurture, Stability–Change, Diversity–Universality, and Mind–Body — *Understanding Psychology* helps students see the surprising unity and coherence of this diverse and exciting science.

Personalize learning with MyPsychLab
MyPsychLab is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts.

Understanding Psychology, Eleventh Edition is also available via **REVEL™**, an immersive learning experience designed for the way today's students read, think, and learn.
