The title of this audiobook seems too good to be true. There is no such thing as free money, right? Wrong!

There are many, many ways to supplement your income with little or no investment of any kind on your part. You have the means to start earning more on your person and in your house and may already have valuable job experience you don't realize.

What am I talking about? Well, you can sell your body parts! Yes! You can safely and legally sell things you were born with. *How to Get Free Money* will tell you how.

Look around your house and yard. Everybody has excess stuff they aren't using. Well, you've heard the old saying "one man's trash is another man's treasure," right? Don't toss treasure. The online marketplace is a gold mine. Read about the goods and services you can provide and the sites to sell them on in this handy money-gathering guide.

How can the spare cash you picked up in high school help you now? It can. You have job experience that you probably don't even consider, but you could turn into steady cash flow without costing you anything, and it can allow you to set your own hours.

You went to college, you have a career, and that means you probably have valuable skills others would pay good money to learn. Even your gardening or cake-decorating hobby can become the means to earning more, and it's something you already know how to do and enjoy. Share it with others, and make money doing it.

We could all use a little extra money, but working two jobs with a family and having a social life makes it impossible. *How to Get Free Money* will show you very practical, easy ways to earn a little extra money with ideas of which you have probably never even thought.
