Escaping Plato's Cave: How America's Blindness to the Rest of the World Threatens Our Survival
Mort Rosenblum
Cave Blindness

Like Plato's cave-dwellers who only saw inaccurate reflections of reality on the wall, America has been blinded to dangerous realities inside and outside our borders, argues award-winning journalist Mort Rosenblum. Our ignorance is not just deplorable, it is literally killing us--and others.

Rosenblum--who has reported from more than one hundred countries, many of which he has outlived--explains how we all can and must learn more about what's really happening in the Middle East, Europe, Africa, Asia, Latin America, in matters of war, peace, business, the environment, and education.

This *cri de coeur* by one of our planet's most eloquent journalists is a must-read for anyone concerned about what they *don't* see in the newspaper or on TV. It offers both insight and practical ways for Americans to get out of the cave and see what's really going on around us.
