How I Made An Extra $1200 Per Month At Home Using One Free Website is the product of a two-month experiment about making money from home using only one website. I've made money from home and while traveling on three continents during the last five years. I found myself answering so many questions about earning a living while traveling that I decided to write books on the subject. I've written several of them.

I try to actually do as many of the jobs I research as possible. It’s important to determine the real work-at-home opportunities from the scams and the solid, moneymaking opportunities from the time-wasters. In doing this, I discovered a very powerful website that virtually anyone can use from anywhere in the world to make quick money.

How I Made An Extra $1200 Per Month At Home Using One Free Website was originally meant to be a guide book for Fiverr users. In order to test the usability of the website I put up my own gigs as an experiment just to learn the operation of the site and to see if I could generate income using just one website. The experiment was a phenomenal success and morphed into this book about how to make serious money.

This is the step-by-step guide with tutorials and advanced tips to making money online using the Fiverr website.
