Real-Resumes for Teachers (Real-Resumes Series)
A 192-page book, Real-Resumes for Teachers shows actual resumes and cover letters that helped real teachers, counselors, and administrators find new jobs and advance in their field. By tradition, teaching professionals use either a one-page resume or a lengthier curriculum vitae (CV) when they seek new positions or advance in their field, and this book provides insight into the most effective formats for the popular one-page resume as well as the lengthier CV. Real-Resumes for Teachers is designed to show the most effective formats which can be used by professionals in the teaching field to present their credentials and qualifications. The Table of Contents is designed to show individuals in varying roles in the teaching and education field. Resumes and CVs are shown of administrators, assistant principals, teachers in child care and social services environments, college teachers and professors, counselors and librarians, elementary school teachers, high school te! achers, as well as military science and ROTC instructors. There are resumes of teachers embarking on a second career in teaching, and there is even a section focusing on teachers changing careers from teaching to a new field. Since all resumes and cover letters were used by actual people in real job campaigns, each resume and its companion cover letter shown is a picture of a successful job hunt, and the theory behind the book is that a picture is worth a thousand words. Real-Resumes Series editor Anne McKinney has handpicked these resumes and cover letters based on her 20 years of experience in working with teachers. Other titles in the series being released in the year 2000 are: Real-Resumes for Career Changers, Real-Resumes for Students, Real-Resumes for Sales, and Real Essays for College & Grad School.
