New Investment Frontier II: A Guide to Exchange Traded Funds for Canadians (No. 2) Howard J. Atkinson, Donna Green
It's a new world out there. This completely revised and updated edition will show Canadians how to survive and thrive in uncertain and volatile markets. The new edition includes performance analysis on more than 100 newly established ETFs. This is the first book that will guide Canadians through the bewildering world of ETF investments. It not only discusses the various Canadian and American ETFs available, but it also examines the different tax considerations for Canadians buying American ETFs and RRSP restrictions. Although they are not yet numerous on Canadian exchanges today, ETFs are a growing and significant market presence. The largest Canadian ETF is the i60 Fund which was the fifth-most-traded stock on the TSE. This book will prepare Canadians to take part in the cutting edge of international investment.
