Teologia del Nuevo Testamento: Sintesis del Canon del Nuevo Testamento (Spanish Edition) Frank Thielman
The study of New Testament theology can be a daunting task, even to the knowledgeable student or pastor. Each of the twenty-seven books, written by various authors, has a different theological emphasis and nuances. How do we elicit a coherent message from such theological diversity, especially given that some of the theological statements seem to be at odds with one another? Theology of the New Testament takes a balanced approach in response to these challenges, taking into account the cultural and historical circumstances surrounding each book of the Bible.
