Flesh Eaters Alisha Adkins
It's a human eat human world out there. Adrienne awakes to find herself inexplicably thrown into a world populated by the undead and soon learns that, in order to survive, she must adapt by eating the dead -- before they eat her. Assuming the role of protector of an abandoned young boy whom she befriends, Adrienne embarks on a hunt for both survival and meaning, struggling to keep them both alive, remain sane, and to preserve her humanity. Flesh Eaters is an irreverent tale of zombies, cannibalism, and self-consumption. Mixing survival horror with smatterings of postmodernism, existentialism, black humor, and nihilism, Alisha Adkins, in this debut novella, weaves a graphic and disturbing story while also making a stark statement about humanity.
