Five went by Land now Five go by Sea
A group of teens on a class trip to Disneyland are left stranded. An EMP over North America has destroyed everything electronic. No cars, no planes, no phones, no electricity. Refusing to wait for someone else to help them, ten courageous young people take charge of their future and choose to begin the long journey home. Miles of adventure, the open water and lawless country awaits – will their determination be enough?

Emily, David, Mason, Lisa and Mark head to the California coast to find a boat back to Canada. They all felt that it would be much easier and quicker to sail home rather than go over land with the others. They were wrong. The trek through the lawless city to get to the coast is only the first step. Hardship and loss await as the teens struggle to overcome both the challenge of the journey and threats from within. The trip home will change them all - for good or bad, as the stranded teens make for home by SEA.
