God's Dream Catcher Rising 1.0 Carl L. Adams
God’s Dream Catcher Rising 1.0 continues the author’s personal quest beyond the dimensions of this present world, into the transcendent world of spiritual dreams. Within the pages of this revised book of God’s Dream Catcher Rising are contained stories of illuminating dreams, visions, heaven, angelic visitations, evil spirits, premonitions, future events, and an out-of-body experience. Within this book, stories have been updated and a few new ones have been included. Those improvements, along with dozens of additional photos, will provide a much greater literary-quality work in this book. Between the covers of this sequel book, the testimony of God’s faithfulness is further validated. Spawned from an average man encountering the tumultuous storms of life, an enlightening and inspiring true-life story surfaces. Through dreams and visions, the author collides straight on into the transforming power and presence of God. This impact resulted in a closer and deeper relationship with God, and changed directions for his life. This book pours forth evidence of God desiring to co-mingle with people, and raise them above their misfortunes. Through his personal encounters with dreams and visions, the author again escorts the reader into and across the pages of his life; resuming the fantastic paranormal journey he initiated with his predecessor book on dreams, God’s Dream Catcher, and its revision, God’s Dream Catcher 1.0. This edition also replaces the incorrect book description which had been inserted on the back cover of the original published work of God's Dream Catcher Rising.
