The Spanish Verb Conjugator: The Beginner's Guide to Mastering Spanish Verbs Jeanne M. Bielejeski **Master Spanish verbs. Master the Spanish language!** *The Spanish Verb Conjugator, The Beginner's Guide to Mastering Spanish Verbs* is a ready instructional reference designed to simplify verb conjugation for beginning Spanish students of any age: classroom students, self-study students, travelers, and professionals serving bilingual populations.

Unlike any other verb guide in print, *The Spanish Verb Conjugator* narrows the focus onto the present and past tenses through 110 of the most frequently used irregular Spanish verbs which are displayed on large, easy-to-view verb charts. The select group of 110 irregular core verbs will reinforce the essential verb modeling that will lead to verb conjugation mastery. *The Spanish to English Index* and *The English to Spanish Index* each include more than 1,000 additional high frequency verbs. Reflexive verbs and 'Verbs Like Gustar' are also integrated throughout the instructional verb guide to introduce the concept of object pronouns with verb conjugations. Building skills in these areas will provide a solid foundation for future success. To eliminate the bulk of a clumsy text and to also serve as another instructional reference method, regular verb endings are provided as reference templates to conjugate any regular verb listed in the indexes.

The Spanish Verb Conjugator is designed for easy access while practicing Spanish away from the security of the classroom or computer. Foreign language simulation in the classroom or through self-study materials rarely prepares the beginner for foreign language immersion in the real world where true integration takes place. Traditional verb reference texts assume an advanced level of proficiency in Spanish which neglects the beginner when they need the support the most. It is not necessary or realistic to burden the beginner with thousands of verbs and 14 verb tenses. Beginning Spanish students can rely on *The Spanish Verb Conjugator* as their 'training wheels' to navigate in Spanish until verb conjugation becomes second nature.

Count on *The Spanish Verb Conjugator* to:
-Reinforce verb conjugations while practicing Spanish away from the classroom or computer, take it anywhere!
-Save you from beginner 'freeze' from information overload: recall definitions, subjects, tenses, and verb endings on the spot
-Provide a pocket reference to the present, preterit, and imperfect tenses
-Guide you in the essentials of present and past tenses, and lead you to verb conjugation mastery
-Reveal the difference reflexive pronouns make when added to verb conjugations
-Be your ready reference to more than 1,000 frequently-used Spanish verbs

Spanish is one of the most popular foreign languages. Native speakers of English continually struggle with the conjugation of verbs in Spanish and it is often a road block to further study. *The Spanish Verb Conjugator* will complement any instructional program or class, and it will accommodate the intermediate to advanced levels as verb conjugation skills improve. *The Spanish Verb Conjugator* clearly fills the gap in Spanish verb reference, and it puts the enormous task of verb conjugation into perspective for the beginning Spanish student.
