Waking Up From a Dream (The Pretty One's (alternate cover) Book 1) Omni Marry Amen
The Pretty One’s
These are the girls that we all hate. They flirt with the guys that we want just to get free drinks and walk away. All of the men and even some of the women would do anything just to get them in bed. Our boyfriends make fools of themselves and embarrass us as they glair at their marvelous bodies. We hate them because we aren’t them, but we want to be just like them. If we could only touch them… maybe then some of their mojo would rub off on us. Two girls from different worlds realize that they’ve been living the same lie their whole lives. 22 and still virgins, both are obese geniuses with low self-esteem, and both come from a family of witches with a strong magical lineage.
After meeting in college their freshmen year Sarah and Samantha became roommates with a pledge to do better next year. They pooled their resources and mapped out a strategic one year plan to get to where they wanted to be. All they had to do was to follow the steps.
STEPS
1. No sexual contact (including masturbation) for 12 months
2. No speaking the last 90 days
3. No food or drinks the last 7days but pure water
4. Sacrifice a male goat and a male ram
5. Make a deal with the angry female trickster to get what they want
6. Drop out of school
They follow their plans to the letter. The only problem that these two are aware of is that they can’t remember the last year of their lives. They both wake up in what appears to be brand new bodies. The girls each spend their childhoods studying glamor magic in hopes to fool people into thinking that they are attractive. An unnamed and often ignored female trickster actualized their phantasies into a new reality that they need get accustomed to, but first they have to retrace their footsteps and find out what went wrong with the spell.
Now these two girls that were once best friends are complete strangers. They both wake up back home with the other’s witches Grimoire and a locket of both of the big girls hugged up together. The inscription on the locket says best friends forever. How will they retrace their shared steps if they’re not together? And how will find each other when they don’t know anyone that knows the other? Will they even recognize each other from the picture when they don’t even recognize themselves? Will these girls be friends once they reunite or will they be enemies?
