Pick 3 Lottery Secrets-2: The Master Reference Box (Pick 3 Secrets) AANewYork
Secrets Revealed !!

I have been studying the Pick 3 game for a very long time. I have been trying to solve the Pick 3 riddle for over 20 years actually. And I have to tell you something; during all that time I was basically dealing with just ONE "super" problem. I have created many systems and approaches to the game but now that I look at it, these systems were my attempts at solving this one problem. This problem is at the core of the game and it's the biggest obstacle that every player has to deal with. Here is the biggest problem in the Pick 3 game; **the game is inherently unstable because it is ruled by chance. The numbers drawn are random. Nothing is stable. Nothing is fixed.**

Well……

That is until now.

In this book I finally provide something that is **STABLE** and **FIXED**. I have identified a **FIXED** reference point that can be used to classify any number in the Pick 3 game. This new classification system is visual so you will be able to clearly SEE the structure of any number in the game. This fixed reference point will give you a clear MAP of the Pick 3 game from this point forward. Now you are never lost. No longer will any number be a mystery to you. Now you will be able to clearly identify the **EXACT structure** of any number that hits your state with the system you will learn in this book.

I discuss the following topics in this book:
•The 4 Level Reference Box
•The 10 Level Reference Box
•The Fixed Referent Point in the Pick 3 game
•The Master Reference Box (MRB)
•The Top Five Levels
•The Bottom Five Levels
•The Baseline
•The Control List
•The Straight Positional Control program
•The Singles and Doubles program
•The Top 25 Doubles in the MRB
•The 48% Advantage
•The 55.5% Advantage
•The Five Master Digits
•The Five Basic Digits
•Finding the Due Master Digits
•Doubles in the Bottom
•Paying attention to Due x7x, x1x, and x8x numbers
•The Playlists for x7x, x1x, x8x (very useful lists!)

•Special Bonus: Trend Reversal
•Two Test Questions
•The VIP Super Special

Also included in this book are details on how you can get the **VIP Super Special. This VIP Super Special includes the following:**
