Reverberations of the Exodus in Scripture
Inner-biblical studies is a blossoming field. Within this growing specialization, *Reverberations of the Exodus in Scripture* is a unique and refreshing contribution. Unlike most studies in this area focusing either solely on how Old Testament passages interact with other Old Testament texts or on the use of the Old Testament in the New Testament, this volume examines how a central and paradigmatic biblical event--the exodus from Egypt--resurfaces time and again in both testaments. Furthermore, the collaborative nature of this project has allowed specialists to construct each chapter. Readers of *Reverberations of the Exodus in Scripture* will gain a better understanding of the role of the exodus throughout the biblical canon and a deeper appreciation for its place in biblical theology.
